

Meet the Board

Name: Gwen Gregg

I am: New Board Member

My current position is: District Manager

County Agency: County of San Bernardino – Human Services Department

I have served: This is my first year on the Board

Offices I have held and committees I have participated on: None yet

My vision for NEW: PATHS: Is to promote professionalism and community outreach. We are all in this together to learn how to promote a positive attitude in all that we do. Strive to bring our members together to share what each of us have to offer in our professional and community.

A little bit about myself: My husband, 5 children, and 4 grandchildren are the highlight of my life. Being a grandmother has shown me a whole other world. I am attending college part time, I sit on the local Little League board as the vice president and continue to serve my community in any way that I can. I look forward to serving on the NEW: PATHS board and bringing my knowledge and willingness to further NEW: PATHS goals and direction.
